

VOL. XIX

TOMBSTONE COCHISE COUNTY, ARIZONA SUNDAY, JULY 28, 1901

58.

### BISBEE JOTTINGS.

Bisbee, July 24, 1901.

C. FRIDGES

The Red Men will meet tomorrow night.

Dr. W. A. Long, company physician at the Cananea arrived last night on his way to Los Angeles where his wife is reported to be very sick.

Chas. Bowman, the Tombstone attorney is a visitor and will remain a few days on business.

James Douglas, superintendent of the Moctezuma Copper company left yesterday for New York on business connected with his company.

Under Sheriff Condon was a visitor at Naco yesterday on business connected with the sheriff's office.

We had quite a shower this evening and we are more hopeful than ever as every day it increases, but in order to do us any good we shall require a raging river to the end that our garbage and filth piles may disappear.

The engine of the passenger train at Naco, this morning, jumped the track, a few minutes after starting, and going slowly. The passengers were taken on to Benson on a freight which followed the regular passenger.

Manager Stiles of the Bisbee ball club is endeavoring to arrange a match for Sunday, August 3rd and 4th at Don Luis, with the female base ball team known as the Boston Bloomers. In case a match should be arranged the ball grounds will be partly enclosed with canvas and admission tickets to see the game will be on sale.

Some of our citizens are greatly against sulfur smoke emanating from the furnaces and chimneys, and no doubt it causes a great deal of trouble to those suffering from bronchitis and asthma. On the other hand it is a very healthy, desirable and valuable adjunct to our camp as it purifies and cleanses the atmosphere where nothing else could take its place, and but for the sulphur fumes acting upon our present sanitary conditions the death rate would be much higher than at present.

The outlaw who robbed the Big Adobe saloon at Naco, Tuesday morning seems to have vanished off the face of the earth as nothing has been seen or heard of him since the robbery. The last which he had during his hurried departure furnishes no clue whatever. The Big Adobe people feel annoyed over their loss but they now realize that the money is gone and all hopes of restitution with it.

### ARIZONA JAGUAR

#### A Rare Wild Animal Killed in Pinal County

Manuel Guzman killed a jaguar in the Superstition mountains near Bloomerville recently, and brought the skin to town this week. The jaguar is a beautifully spotted black and yellow creature and is exceedingly rare in Arizona, though quite plentiful in some portions of Mexico. The supervisors paid Manuel a bounty of \$20.—Florence Tribune.

#### To Found a Model Town.

A gigantic scheme is afoot to found a great model town in the eastern part of the country, where shall be gathered a variety of manufacturers and an army of employees, under social conditions: the town and manufactures to be organized according to the most approved business methods, with the highest regard to the physical and intellectual welfare of its residents. Fifty years ago, a medicine was founded which had in view the welfare of humanity. This was Hostetter's Stomach Bitters, a remedy famed the world over for its cure of dyspepsia, constipation, indigestion, belching, insomnia, biliousness, nervousness and malarial fever and ague. As a strengthening tonic and blood purifier, it is unequalled. A trial will convince you of its value.

### BOARD OF EQUALIZATION

#### Official Proceedings of the Equalization Board

(Continued from yesterday.)

At 2 p. m. board met pursuant to adjournment for recess.

Same members present. Ed McSparran, proposed raise on house 236, 1st district, from \$200 to \$300. \$100.00

W. H. Parrow, raise on houses 220 and 227, 1st district, from \$325 to \$500. 175.00

T. M. Scherer, raise on adobe house 115, 1st district from \$800 to \$1500. 700.00

Frank W. Goodbody appeared for Jack & Chisholm and requested a hearing on the value of property assessed: Mr. J. C. Chisholm having appeared and was heard and offered objections to the amount of \$500, rate on valuation as proposed to be by the board. The board having taken action and agreed with J. C. Chisholm and J. C. Chisholm being satisfied with the original assessment of \$10000, as entered by the Assessor, the Clerk was instructed to note on the minutes of the Board of Equalization, the above facts. Mr. Goodbody appeared to show that the condition on the 1st Monday in February was not such as to make it of a greater value than \$5000, and that the assessment of \$10,000 is not based upon the value of the property on the 1st Monday in February.

Frank W. Goodbody appeared on behalf of W. H. Brophy before the board in regard to the proposed raise on the property of W. H. Brophy. J. C. Chisholm being sworn testified before the board and Walter T. Fife being sworn testified before the board.

J. F. Will, raise on 4 work houses, from \$84 to \$104. 20.00

George B. Allison, appeared in behalf of Bibbee Improvement Co. and after making proper statement to the board, proposed raise of \$7500, made by the board on July 2nd is hereby void and Clerk instructed to place on minutes.

H. Schmiedling, raise on half of 16, 1st district, from \$800 to \$1250, raise on frame building 19, from \$1000 to \$1500, raise on house 37, from \$200 to \$300 on house 38, from \$500 to \$800. 1300.00

C. A. Noonan raise on store building 117, 2nd district, from \$150 to \$350, raise on house 118, 2nd district, from \$500 to \$1000, work horse, from \$20 to \$25, piano, from \$50 to \$100, furniture, from \$50 to \$100. 506.00

Noonan & Bell, raise on merchandise, from \$300 to \$750. 450.00

Wm. Kline, raise on merchandise, from \$100 to \$200. 100.00

At 4:45 p. m. board stands adjourned to July 31st, 1901 at 9 a. m.

THOS. R. YERK, Chairman.

JAMES F. DUNCAN, Clerk.

Board met pursuant to adjournment of meeting July 16th, 1901, at 9 a. m.

Members present—Thos. R. Yerck, Chairman and Supervisor P. J. Delahanty George B. Reay.

Minutes of meeting July 16th read and approved.

Board occupied the time with routine work.

At 12 m. Board stands at recess to 2 p. m.

At 2 p. m. board met pursuant to adjournment for recess. Same members present.

Walter Douglas, Agent and Superintendent of the Copper Queen Consolidated Mining Company, appeared for the Copper Queen Consolidated Mining Company, in regard to assessment of the Lowell and Arizona Copper Smelting and Mining Company, asking that the case be heard on this day and waives the right to appear on the 29th, as notified. The board granted the request he be heard.

In the matter of the equalization of the assessment of the properties belonging to the Copper Queen Consolidated Mining Company.

This matter coming on this day regularly to be heard before the Board of Equalization, pursuant to a notice heretofore served upon said company in writing, and which notice appears in the minutes of the board and in which said notice it was proposed to change and correct the valuation of said company's property as the same appears upon said Assessment Roll by adding thereto the sum of \$3,464,895; for the reason that the sum fixed in said Assessment Roll appeared to be too small; and this being the day (and hour) fixed in said notice for the hearing and pursuant to the notice so given Walter Douglas, Superintendent and Agent of said company, appeared before the board in behalf of said company and made statements regarding said valuations and his argument in reference thereto.

An' the Board being now fully advised in the premises finds it necessary to add to the assessed valuation of the property of said company on the Assessment Roll as follows: to-wit:—

Silver Spray mine.....\$1,000,000.00  
Hoisting works and improvements on said mine.....50,000.00  
Halbrook mine.....1,000,000.00  
Kist and improvements thereon.....10,000.00  
Copper Queen mine.....50,000.00  
Copper Jack mine.....50,000.00  
On buildings and other improvement.....50,000.00  
On Baxter mine.....250,000.00  
On Atlanta mine.....250,000.00  
On Dividend mine.....350,000.00  
On Rucker mine.....200,000.00  
Stock of merchandise in Copper Queen store and warehouses.....200,520.00  
Surveyor's instruments.....375.00  
Assaying outfit.....600.00  
Horses.....400.00

Or a total raise of.....\$3,464,895.00

The Clerk is instructed to notify said company in writing of the action of the Board.

Mrs. Doris Blum appeared by letter and on representation, being a widow, assessment cancelled.

Mrs. Mary Sowle, raise on house 121, 1st district, from \$350 to \$800.

Frank Goodbody appeared on behalf of Mrs. Mary Sowle and entered protest against such raise. \$450.00

A. T. Sowle, raise on house 273, 1st district, from \$250 to \$350, Frank Goodbody appeared and entered protest against such raise. 100.00

John N. Smith, raise on houses from \$555 to \$700. Appeared by letter and entered protest against such raise on valuation. 125.00

B. Augier, raise on merchandise from \$300 to \$500. On Angus Hotel from \$500 to \$600. On dwelling house from \$600 to \$800. Assessor instructed to add hotel furniture \$300, 1 safe \$100. Appeared by letter entering protest against such raise. 360.00

J. J. Muirhead, The action of the Board of Equalization taken in this case on July 16, 1901, the Clerk is hereby ordered

to place on the minutes recorded lodging house, \$2500 and furniture in lodging house. 500.00

Richard Randle, The action of the Board of Equalization taken in this case on July 16, 1901, it is hereby rescinded as far as regards new house just built that was placed on Assessment Roll at \$250 and the raise on said property on Assessment Roll is from \$500 to \$300. 200.00

Exposed Reef, Assessor instructed to add quartz mill, \$10,000, buildings \$750, tools, \$250. 11000.00

At 5 p. m. board stands adjourned to July 18th, 1901 at 8 a. m.

THOS. R. YERK, Chairman.

JAMES F. DUNCAN, Clerk.

### NEW SUPERINTENDENT

#### B. A. Worthington to be Co. Randolph's Successor

A San Francisco dispatch says: B. A. Worthington of this city has been appointed division superintendent of the Southern Pacific railroad, with headquarters in Tucson, Ariz.

B. A. Worthington, the newly appointed superintendent of the Yuma and El Paso division of the Southern Pacific railroad is not a stranger on this line, but on the contrary is well known from one end of the road to the other. Mr. Worthington is said to have worked himself up from the lower rung of the ladder, having been engaged in railroad since a boy, and although of but middle age, has held some very responsible positions under the system which he will continue to serve.

For a number of years Mr. Worthington was private secretary to General Manager Towne and afterwards to Col. P. Huntington, and up to the time of his promotion was at the head of the Bureau of Tonnage and Rating of Locomotives—a position that required executive ability and a thorough knowledge of railroading.

The new superintendent is spoken of highly by the railroad men of Tucson.—Citizen.

### EDITORIAL CHANGE

#### An Arizona Editor Who Gave the Proper Credit

The Fima Paragon appears this week the names of Mrs. Dora M. Wilson as editor and J. D. Wilson, publisher, while the following explanation appears in another column:—

"Our readers will probably notice a change in the editorial staff of the Paragon this week. On account of poor health we have been unable to fulfill our duties in the office during the past two months, and our place has been ably filled by our better two-thirds, who has at the same time attended to the household, looked after the wants of three lusty youngsters, bussed the cook stove, manipulated the dirty linen on the weekly washboard, pushed the smoothing iron and nursed us during our weaker hours. We believe in giving honor to whom honor is due, hence we give her first place on the staff, and will be glad to place "second fiddle" as hustler."

The new Arizona mining law requires that locators of mining claims shall put up seven monuments, three at each end of a claim and one at the discovery shaft. The claim can be recorded as soon as located, but the location work can be performed at any time during ninety days after the location is made. The law goes into effect September 1, 1901. The fee for recording claims, and affidavit of location work, is one dollar.

### From Taurinays Daily.

Under Sheriff Hugh Condon and Chas. Bowman returned today from a brief trip to Bisbee.

Ray Elliott arrived today from Nogales and will hold services at the Episcopal church Sunday, both morning and evening.

A new combination coach for use on the Nacozari railroad was taken into Bisbee from Benson the other day.

Ralph Bloom, representing R. W. Bloom & Sons, manufacturers of clothing, of New York City is here taking orders for his firm.

Dr. D. M. Purman having resigned his position on the territorial board of mental examiners, Dr. Axel Martin of Phoenix was appointed to succeed him.

J. Pierpont Morgan might try to get even with the weather by organizing a thermometer trust. But, after all, he could do no more than falsify the returns.

John Menninger of the Can. Can restaurant returned yesterday from Oakland, Cal. He reports his little grand daughter having bravely withstood the amputation of her leg at the knee and the bright little youngster is doing as well as possible.

Persistent rumors are going the rounds, of a good copper strike in the Foreman tunnel of the Dos Cabezas Consolidated. Interviewed on the subject just before leaving for Los Angeles, Wednesday, C. M. Roberts, the superintendent, admitted that a strike had been made, but he did not care to discuss the extent or dimensions of it.—Range News.

The first washout of the season in this section occurred on the A. & S. E. last night between Don Luis and Fairbank. It is understood the rain caused a washout in two places on the A. & S. E. track the extent of which is not learned. The train crew were kept busy repairing the track and managed to let the passenger train by, delaying same about two hours from regular schedule time.

A Chicago doctor is trying to collect a professional fee of one hundred thousand dollars. This is a record breaker for female medical men, but then the doctor is worthy of her higher fee, no doubt.

The Santa Fe & Grand Canyon railroad was sold by special master, E. B. Gage, at Flagstaff, June 18, to satisfy judgment given by the district court on April 18, against the railroad company. There was but one bid, that by E. D. Kenna, who bid \$1500, and the property was knocked off to him.

Don Dolores, a lad of about 40, seems to have had a sort of permit to bring into Uncle Sam's domain, the removal of the disturbing act to feed his countrymen about Charleston, on July 4th. Don Dolores, in order to get himself in a proper frame of mind to do honor to our natal day, filled himself; at least he had a boat full of the liquid he feeds his countrymen on. Then he proceeded to show his liberty loving sentiments when charged with the manya beverage, by clawing all he could whom he met. An obstruction he met in the person of one Supriano. He proceeded to purchase a knife, as the instrument to uncouple said Supriano, which he attempted to do. He now lodges within the walls of the county jail.

Justice Clark seems to be attending to his wants, as he would any who trips outside the beaten trail of the law.

It will take Chiss forty-three years to pay off her indemnity of \$643,000, principal and interest.

### From Friday's Daily.

Mrs. S. M. Barrow left yesterday on a brief visit to Los Angeles.

The A. & S. E. R. track was again washed out last evening near Fairbank. No Bisbee mail or passenger arrived today as a consequence.

It is understood another saloon is about to be opened in Tombstone and the former Pacific saloon is to be reopened. The three wayfarer will not have to wander far between drinks with all the saloons open and ready for business.

B. F. Smith has put on a stage line to run regularly from Tombstone to Pearce via Gleason. Regular tri-weekly trips will be made, leaving Tombstone, Tuesdays, Thursdays and Sundays. The office of the new stage line is at the O. K. cor. 1. Look for regular ad. in next issue.

No trace has been found of John McElroy, the ex-gambling commissioner, who was lost in the southeastern part of the county six weeks ago. The search is still being kept up.—Prospect Miner.

During the rain storm last night a bolt of lightning is believed to have struck near town. Immediately after the lightning a deafening peal of thunder followed and thoroughly frightened the more timid.

The late July rains have apparently become general throughout the territory. Tombstone was visited by a good shower last night and the rain did much good. Reports of rain in other parts of the county give assurance of plenty of feed on the range.

Mrs. M. McNair and daughter, Miss McNair, mother and sister of Mrs. J. A. Rockwell, are expected to arrive here this evening on a visit. The visitors are residents of Mt. Morris, N. Y. and have been touring California returning homeward by the southern route and make a visit here to enjoy a pleasant season with relatives.

S. M. Barrow today received telegraphic information from Thos. Chatterman of Dos Cabezas that P. W. Smith, died last evening at that place. P. W. Smith was an Arizona pioneer, and one of the early residents of Tombstone, and prominently identified with its history. He was one of the first to engage in the mercantile business here in the palmy days and rapidly rose to a position of affluence and wealth. Wholehearted and good hearted, characteristic of the genuine pioneer, he was liberal to a fault and ever ready to render a helping hand. After leaving Tombstone he engaged in mining with doubtful success and with failing health and old age came losses and reverses until at the ripe old age of 73 he answered the final summons. His many noble traits of character won him many staunch friends, who were ever ready to respond to his assistance and his death, while a relief from long suffering illness, causes a pang of regret among all who knew him.

STATE OF OHIO, CITY OF TOLEDO, Lucas County. ss. Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn to before me and subscribed my presence, this 6th day of December, 1895.

A. W. GASLEON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the back and mucous surfaces of the system. Send or testimonials free.

F. J. CHENEY & CO.

### HIS ASSESSMENT

#### The Returns Made by an Arizona Prospector

The board of supervisors last Monday while sitting as a board of equalization, enumerated the following assessment list, which had been filed out and signed by Judge Jack Rivers, of Quartzsite:

Real estate and improvements—Interest in estate left by father, the State of California and Territory of Arizona, to run to him.

Mules—One; value 500.  
Wagons—One; not built.  
Hay, grain, etc.—One bale.  
Mill—Quartz, flour, saw, etc.—One coffee mill.

Mining and other machinery—One windlass.  
Mechanics' tools, stock on hand, etc.—One gad.

Money on hand or deposit—\$2000; in farm bank.  
Sureties and other collaterals—One 40 per cent discount jury warrant.  
Bax fixtures—Dunne's and Shanssey's.

Libraries—"Billy Baxter."  
Watches and jewelry—Clock.  
Household and kitchen furniture—One Dutch oven.—Yuma Sun.

### ANOTHER SURVEY

#### Tombstone to be Included on Another R. R. Survey

Tombstone is about to have another railroad survey and the activity in this direction adds to the theory that both the S. P. Co. and the Arizona Southern have designs on Tombstone and this section. The S. P. Co. already have two surveys which include Tombstone on their route. The Phelps Dodge company have one and will run another line beginning in a few days which will include Tombstone and Gleason on the maps. Chief Surveyor Wakulewicz and staff have arranged to start a survey for the Phelps Dodge Co. beginning at Fairbank to Tombstone and Gleason, thence east to connect with their Southwestern line. The survey party are expected to begin from Fairbank within the next four or five days. Surveyor Box and assistants have been making a reconnaissance of the route learning of the general natural features to be overcome, etc., and Col. Wakulewicz was in this vicinity a few days since on the same mission. The resolve of the Southwestern company to run a line from Fairbank this way would, if constructed, give Tombstone a direct eastern and western outlet. One survey of the company contemplated making Tombstone a terminus.

Verily Tombstone is coming in for a good share of consideration in the matter of railroad building and prospectively the indications are good for the arrival of the iron horse at an early date.

Washouts will now be of regular occurrence during this season of the year in this section.

Here is a bit of news that ought to be interesting to Arizona copper miners. It is that Calumet & Hecla is procuring at the rate of 90,000,000 pounds of copper a year from rock carrying only three per cent of copper. Now, if the Calumet & Hecla people can do that, what amount of copper is Arizona capable of producing with its rock carrying three, four, and five times that percentage of copper.
